Dear Company Secretary / Member Services Team,

I write as an MIL shareholder/member to request written confirmation of all details
Murray Irrigation Limited currently records for me, or for the entity that I am
authorised to represent, in its register of members, including but not limited to
member details, customer numbers, landholdings, delivery entitlements,
shareholdings and voting eligibility records.

This request is limited to my own member record, or the record of the entity that I am
authorised to represent, so that I can verify the accuracy of MIL's records, correct
any discrepancy, confirm my voting entitlement, and ensure that any proxy
appointment or AGM vote for the 19 November 2026 AGM is completed on an
accurate basis.

Given the AGM timetable, I request a written response within 5 business days, or
earlier if possible. If MIL treats this as a formal request to inspect or obtain a copy of
the relevant part of the register under the Corporations Act, please advise promptly
if any prescribed fee, evidence of authority or specific form of request is required.

If MIL considers that any requested confirmation or correction cannot be provided,
please provide written reasons identifying the record relied upon, the matter in
dispute, and the process available to have the matter reviewed or escalated before
the AGM proxy deadline.

Please confirm receipt of this request and advise the name and contact details of
the MIL officer responsible for coordinating the response.

Yours sincerely,
