

Hi everyone—we’ve been able to contact you temporarily through this petition website, but we’d like to be able to email you directly from KCU.

With one of the most important elections our city has faced coming up on October 17, we’re wondering if you could visit our webpage through the link below and add your email address so we can share key information with you. (We won’t email often.)

Ensuring the right candidates are elected—those who will put Kamloops back on the right track and put taxpayers first—will take people working together. As volunteers, we’ll need support—whether helping online, in person, with planning, by donation, or simply by staying informed and sharing with others.

Many thanks,

Coley Ecker and Kathrine Blair-Wunderlich, KCU
