Petitions-affisch Stop Åkessons attempt to prohibit the free practice of religion in Sweden

Från: Anisa Soukni **Från:** Malmö **på:** Sveriges riksdag **i:** Sverige.

Jimmie Åkesson has for long made statements against Muslims in Sweden. Last year he made a statement regarding mosques in Sweden. He believes that mosques should be demolished and that the building of new mosques should be stopped. it is important that this does not happen as it goes against the Swedish right of religion and freedom of religion.
