

De: Tim Schroeder , Saint Helens, OR para: St Helen's City Council , Saint Helens.

Our home is St Helens, Oregon, the same town that houses Columbia River BMX. We find it distressing to see this cherished open BMX track fallen into such a state of disarray. The track is severely dilapidated and undermanaged. The park which should have been a haven for our BMX community and youth has become a safety concern. It's a symbol of the Track Operator's neglected basic maintenance and upkeep.
