

Petition placard Quakertown YMCA - stop the removal of the men and women's locker rooms

By: Jonathan Sell **from:** Quakertown **to:** Quakertown YMCA **in:** Quakertown.

We are hoping to change the proposed layout of removing male and female locker rooms to make room for a universal locker room space. We believe there are several alternatives to the proposal, and we are hoping to get more people to share their concerns about not having a male and female locker room.
