We are professional acrobats living in Las Vegas. As part of our personal development and artistic journey, we have installed flying trapeze equipment on our property. Our intention is to use it for training and practice, furthering our craft in the vibrant and creative community of Las Vegas.

We understand that living in a shared neighborhood requires mindfulness and respect for one another's peace and comfort. With that in mind, we are always careful to minimize noise and practice at appropriate times, ensuring that our activities do not disrupt anyone's daily routine.

As Las Vegas is known for its rich entertainment culture, we hope that our neighbors and the city will support us in our artistic endeavors. We aim to inspire joy and creativity, and we are hopeful that our practice will add a unique and uplifting experience to our community.

We respectfully seek approval from the Clark County Comprehensive Planning Department to maintain and use this equipment at our home. We appreciate your understanding and support in helping us pursue our passion in a responsible and considerate manner.

Thank you for taking the time to read this petition and for your consideration.

Sincerely,

Blair and Jordan

blairintheair@gmail.com

We are reaching out to our neighbors and community to kindly ask for your support in our petition to keep our flying trapeze equipment in place at our home. As first-time homeowners, we carefully selected this property for its spacious lot, which provided us with the unique opportunity to have a flying trapeze as part of our growing family's lifestyle. The ability to maintain and use this equipment is not only a key feature of our home, but also central to our family's well-being and future plans.

If we are unable to continue using the trapeze, it would significantly impact the utility of our property and our sense of having made a meaningful investment in our home. We've worked hard to improve both the interior and exterior of the house, and we genuinely value the chance to contribute positively to the neighborhood. Our goal is to create a safe and welcoming environment for our family and to continue to be responsible, respectful neighbors.

Your support in allowing us to maintain this part of our home would mean the world to us and would allow us to continue building the life we envision.
