To take meth pipes and meth bongs out of the hands of the next-generation

I am raising concerns about the fact that every corner store and smoke shops have meth pipes and meth bongs on display, I fear that it's being normalized. I fear that children are growing up and seeing these things on display, like it's normal! now we are in the biggest battle with drugs.. why is it so easy to buy these things? Why are we normalizing drug pipes? I want more for my children and future Generations. Please help me take these pipes off displays. Just remember some of these stores are right by schools where kids can go in and buy a soda and while they are checking out there is a meth bongs or a valentines rose right there. Please help.
